

## **BVHG MEETINGS OVERVIEW**

The BVHG aims to improve the management and study of patients with chronic viral liver disease. The group brings together UK hepatologists, gastroenterologists, infectious disease physicians as well as virologists and epidemiologists with an interest in viral diseases of the liver.

For 2019, there will be 2 one-day BVHG meetings which will be held in London on Friday 29<sup>th</sup> March and in Manchester on Friday 29<sup>th</sup> November.

Next year's BVHG meetings will build on the topics discussed in 2018 and we are confident that the same high quality will be delivered.
