Cholangiocarcinoma-UK

MISSION STATEMENT

“Cholangiocarcinoma-UK, an affiliate of the British Association for Study of Liver Disease (BASL), is a multi-disciplinary Special Interest Group (SIG) of clinicians, scientists and patient advocates whose purpose is to facilitate collaborative research, enhance service development and raise awareness of Cholangiocarcinoma.”

Cholangiocarcinoma-UK

AIMS

- Be the recognised leading authority on CCA in the UK
- Become affiliated to relevant major national organisations
- Facilitate basic science and clinical research as well as sample collection, including for biomarker development
- Improve the pathway to collaborative clinical trials and opportunities for research funding
- Update national guidelines and advise on policy and best practice
- Optimise and standardise clinical management across the country
- Monitor epidemiological trends accurately

Cholangiocarcinoma-UK

We intend for this meeting to be:

- highly interactive, collaborative and open
- the beginning of a long-term sustainable movement
- not a one-off event

...which will lead to meaningful change in the future

- You are all automatic members of Cholangiocarcinoma-UK!
- 2019/2020
 - Terms of Reference
 - Election of Chair/Committee

Cholangiocarcinoma-UK: Afternoon Workshops

Each group asked to address 3 areas:

1: Onco-policy:

- a) How best to highlight the increasing burden of this disease as a cancer of unmet need?
- b) What should be the role(s) and structure of CCA-UK going forward, including with this meeting?

2: Service development:

- a) Should the UK be moving towards centres of expertise/excellence, based on the premise that these centres provide quality assured multi-modality therapies including surgery (inc transplantation)?
- b) What are the clinical priorities in surgery, endoscopy and oncology?

3: Research and innovation:

- a) How best to develop a national database and virtual tissue bank?
- b) How to increase participation in clinical trials around the UK?
- c) What are the basic science priorities?
