BASL Income 2025

The British Association for the Study of the Liver (BASL) as a registered charity, partners with industry for the benefit of members and people living with liver diseases ('the beneficiaries'). Commercial partnerships are valuable to BASL as a funding source (grants, sponsorship and donations) for the education of its members for the optimal care of patients.

Below is the list of income received by BASL in support of activities in 2025.
